

UCS™ DASHBOARD

HOW TO WORK WITH GRAPHS

- By clicking on a specific variable in the legend at the bottom left, you can exclude or re-display data for that particular variable in the graph.
- By hovering the mouse over the graph, clicking on a desired point, and holding down the mouse button, you can select a section of the graph to view only specific measurement values.
- By clicking on the "page with arrow" icon in the top right corner, you can export the measured data.
- By clicking on the "square" icon in the top right corner, you can view the graph in full-screen mode.
